## MAYOR'S VETO OF ORDINANCES 08-11 and 08-15

I am returning the attached Ordinances No.08-11 (amending Ordinance No. 05-08 establishing fees et. al.) and 08-15 (amending Ordinance No. 07-22 fixing annual salaries and benefits) with my Veto. Please accept this communication as my unconditional Veto of the above-referenced Ordinances, No. 08-11 and 08-15, pursuant to my authority under our City Charter.

The City Council has proposed a salary/benefits package of well over \$200,000 for the incoming City Manager. While many city employees deserved raises, in these challenging financial times we cannot afford to have our City Treasury prematurely invaded. Our municipal debt has soared to an all-time high; taxes are forcing residents out of our city; and our City Council continues to run its operations on a credit card basis. We cannot move forward at our taxpayers' expense, without significant dialogue to reduce costs by merging services with neighboring communities, eliminating wasteful spending and providing more fugal quality governance.

Incorporating the incoming city manager's compensation package in this ordinance appears to be politically designed and is unacceptable. In recent years our taxes and municipal debt have soared well beyond income from the extraordinary investments/ revenues we have garnered from our industrial and commercial corridors.

To add insult to injury, the Council, by passing Ordinance 08-11 will now charge residents a fee of \$50.00 per quarter (\$200.00 per annum) for Rear Yard garbage pick up and add costly fees for recreational facilities programs. The recreation sliding fee schedule offered by the Council is still too costly for many who do not qualify and cannot in such trying times, afford additional charges. Revoking these services and adding costs are both unfair to those who need these services the most.

It is poor judgment in my view to give in one ordinance such an enriched package to a public official and in another to concurrently increase costs to lower income families and to reduce their city services. It is unconscionable to pay more monies to management while increasing fees and taking services away from taxpayers. The priorities of this council are wrong and lack fiscal prudence.

Notwithstanding the significant contributions of our City's employees, and their extraordinary service to our city, I must, based on principle, Veto these Ordinances.
